SUNBRELLA AND THE ENVIRONMENT

SUNBRELLA DURABILITY Because Sunbrella fabrics last longer, people use less fabric and generate less waste as compared to other fabrics that might fade, lose strength or succumb to mildew and atmospheric chemicals.	SKIN PROTECTION The Skin Cancer Foundation recommends Sunbrella fabrics in shading products as an aid in the prevention of sun-induced damage to the skin as a part of a complete sun protection regimen, including regular use of sunscreen.	GREENGUARD CERTIFIED Sunbrella upholstery fabric has achieved GREENGUARD GOLD Certification. Sunbrella upholstery fabrics are certified by GREENGUARD as contributing to healthy indoor air by being a very low emitting interior product.	REDUCING OUR CARBON FOOTPRINT Projects such as the installation of a 500-kilowatt solar panel system at our Norlina plant and the upgrade of all lighting fixtures in three warehouses reduce annual CO2 emissions by over 1,000 tons.
ISO 9001 AND ISO 14001 Our ISO 9001 Quality Management and ISO 14001 Environmental Management certifications demonstrate commitment to providing exceptional products and services while recognizing our environmental responsibilities.	WASTEWATER REDUCTION Our unique coloring process eliminates the harmful chemical effluents of conventional dyeing processes.	ZERO LANDFILL Glen Raven operates five factories in North and South Carolina. Each site recycles 100% of its waste from operations, from the offices, and even from the lunchrooms. Absolutely no waste is sent to landfills.	SUNBRELLA RENAISSANCE FABRICS Sunbrella Renaissance furniture fabrics combine up to 50% post-industrial recycled Sunbrella fiber with virgin Sunbrella fiber to achieve vintage charm, rich coloration, soft feel and excellent performance.

SUNBRELLA OFFERS RECYCLING SERVICE TO CUSTOMERS

For over 30 years, Sunbrella has recycled its industrial wastes such as yarn, fabric and packaging. As a result, Sunbrella's South Carolina plant sends absolutely no waste to the landfill.

Sunbrella also provides a unique way for customers and consumers to recycle Sunbrella fabrics through a revolutionary take-back program called "Recycle My Sunbrella." For more information on our continuing commitment to sustainability and the environment, visit www.recyclemysunbrella.com.

SUNBRELLA RENAISSANCE FABRICS

Sunbrella Renaissance fabrics bring together two innovative ideas: creating beautiful vintage-style upholstery fabrics and recycling post-industrial fabric waste.

The first in Sunbrella's line of Renaissance fabrics, Heritage combines fresh Sunbrella fiber with 50% recycled Sunbrella fiber. The result is a fabric with distinctive charm, luxurious hand and 100% Sunbrella performance. Heritage is perfectly suited for sunny patio barbecue parties and cozy evenings inside your den. Sunbrella Renaissance is destined to be an heirloom.

Due to the nature of recycled content, Sunbrella Renaissance fabrics may exhibit significant shade variation from lot to lot.

CARE AND CLEANING

One of the best ways to keep Sunbrella fabrics looking good and to delay deep or vigorous cleanings is to properly maintain the fabrics. This can be accomplished by simply brushing off dirt before it becomes embedded in the fabrics, wiping up spills as soon as they occur or spot cleaning soon after stains occur. Simply brush away loose dirt, rinse and clean with a mild, lukewarm soapy solution. Rinse thoroughly and allow to air dry.

For detailed cleaning instructions, visit www.sunbrella.com/cleaning.

5-YEAR LIMITED WARRANTY

This limited warranty protects the original purchaser from Sunbrella upholstery fabrics, window treatment fabrics and specialty fabrics such as Renaissance and Rib fabric becoming unserviceable due to color or strength loss from normal usage and exposure conditions, including sunlight, mildew and atmospheric chemicals. The limited warranty coverage period is five years from the date of original installation.

For more information about the Sunbrella limited warranty, visit www.sunbrella.com/warranty.

SUNBRELLA® RAIN
